Christmas holiday free school meal payment vouchers

The local authority is currently issuing vouchers for pupils eligible for free school meals (eFSM) to the value of £39 for the Christmas break. Please be aware that it might take several days for all vouchers to be issued to parents/carers. **Please only contact the local authority if you have not received your voucher by Friday 17 December. Communication received before this date will not be responded to.**

As vouchers are issued in batches, you may not receive all your vouchers together. If you are expecting more than one voucher (one per child), you may receive some vouchers by text and some by email depending on the contact details that have been provided by your child's school.

Please check your SPAM folder before you attempt to contact the local authority.

You will receive the voucher either by text message to your mobile from 'Cash Out' or by email from no-reply@paypointsvp.com
