

A family of learners.....

*Everyone at Ysgol Gymraeg Bro Ogwr is a **learner**. We are all learning, developing and improving our skills to help us to develop into confident and ambitious citizens. We enjoy strong collaboration between all stakeholders and promote the message that our school is a 'Learning Organisation'.*

.... who take pride in our language and heritage.....

*We are a Welsh medium school and **we take pride in our Welsh language** and culture. We take pride in learning about the history and **heritage** of our local area and Wales. It is important that we see ourselves as **citizens** of Wales and the world, embracing opportunities to develop sound morals and healthy attitudes to our physical and mental health. We encourage creative expression; whether socially, musically, through sporting endeavours or academically.*

....as we work together to develop as confident and ambitious citizens.

*We are **ambitious** in the provision we offer and in our expectations. To be **confident** and **ambitious ourselves**, we work together to develop strong Literacy and Numeracy skills and the ability to use our digital competencies in enterprising ways.*
