### **Literacy and Numeracy Cafes**

We would like to invite parents/carers in to school to attend a Literacy/ Numeracy café on Monday 19 January. Literacy/Numeracy cafés are an innovative way for families and children to learn together in school. They are informal, suitable for all and offer tips for families to continue their learning at home. We have 2 sessions that you may attend – either between 14.00 – 15.00 and 16.00 – 17.00. If you are attending the after-school session with your child(ren) please ensure your child(ren) attend the cafes with you – no-one will be permitted to play outside unsupervised. The cafes are designed for your child(ren) to discuss the types of class activities they undertake with yourselves and to have a go at some of the interactive activities together.
