All year groups had the opportunity to take part in enjoyable outings at the end of the academic year. A range of destinations were visited, offering engaging experiences and creating positive memories for all involved.

Another successful Celebrating Success event was held.

Recognising children's achievements is important for several reasons, as it can enhance confidence and support the development of self-belief, fostering pride in their accomplishments.

Acknowledging achievements, whether academic or extracurricular, promotes a sense of belonging and pride among children, staff, and parents. This recognition can also lead to increased engagement and help to strengthen the wider school community.

The event further highlighted and celebrated acts of kindness, teamwork, and creativity across the school.

The Eco-Committee have been busy conducting an ecological survey at the new school site. They were excited to see slow worms and a lizard that the ecologist had safely caught earlier that morning. The ecologist carefully removed the animals so they could be relocated to a suitable new habitat before work begins on the site.

A huge thank you to Ffrindiau Bro Ogwr for all your hard work in organising such a successful Summer Fair.

The funds raised will go towards much-needed resources for the school. It was a fantastic day enjoyed by all who attended, and your efforts are truly appreciated.
